## Academic Orientation

---

I am a sociologist based in Chile with research experience in inequality, everyday socioeconomic practices, education, interculturality, and education in carceral contexts. My work is grounded in qualitative and mixed-methods research and oriented toward the production of rigorous knowledge with social impact. I currently complement my sociological training with studies in Programming and Systems Analysis in order to strengthen my research and dissemination tools.

## Research Interests

---

Social inequality; Economic sociology; Housing and everyday life; Everyday socioeconomic practices; Economic and financial socialization; Education in carceral contexts and interculturality; Material environments and social organization; Qualitative, mixed, visual, and participatory methods

## Education

---

March–July 2017

## Collective Engagement and Community-Based Work

---

**Coordinator**

Ketra Collective, Santiago, Chile

*Collective work on education in carceral contexts from a gender perspective*

Participated in socio-educational work with incarcerated women, including teaching, participatory methodologies, collective self-evaluation, and the systematization of organizational experience. Coordinated community and institutional networks and represented the collective in Premio Azul a la Creatividad Estudiantil, XXIV edition (2022).

**Intern**

*Second semester 2018*

Faculty of Social Sciences, Universidad Diego Portales, Santiago, Chile

*School for Women Leaders in Socio-environmental and Territorial Issues | Supervisors: Evelyn Arriagada and Antonia Zambra*

Elective internship in a project focused on socio-environmental and territorial inequalities.

**Publications**

---

- Pérez-Roa, Lorena, and González-Silva, Camila. “Narrative Mandates and Affective Grammars: Moralizing Family Financial Socialization in Chile.” Under review at Journal of Family and Economic Issues (Springer).

**Methods and Technical Skills**

---

**Qualitative and Mixed Methods:** Instrument design, in-depth interviews, focus groups, thematic guides, autonomous fieldwork, thematic analysis, triangulation, and Atlas.ti (advanced).

**Quantitative Methods and Data:** Structured surveys, descriptive analysis, indicator construction, data cleaning, R, Stata, SPSS, advanced Excel, and basic SQL.

**Research Production:** Technical reports, literature reviews (WoS, Scopus, Google Scholar), co-writing of scientific articles, and visual and analytical research materials.

**Digital and Organizational Tools:** Trello, Slack, Teams, Drive, Zotero, Mendeley, and EndNote.

**Languages**

---

- **Spanish:** Native
- **English:** Advanced (Cambridge English C1, 2022)
- **German:** Basic knowledge (Goethe-Institut A1.1); interested in continuing language training
